Chief of Critical Care Medicine

Hamilton Health Sciences is seeking a Chief of Critical Care.

The successful candidate will be an outstanding clinician, with proven administrative and leadership skills. They will have fellowship training in Critical Care and FRCP/FRCS certification or equivalent. The Chief of Critical Care will champion excellence in care across Hamilton Health Sciences Centre. He/she will promote teaching in the multiple relevant disciplines, and foster basic and clinical research, in collaboration with McMaster University.

All qualified candidates are encouraged to express their interest. Please note that those candidates eligible to work in Canada will be considered first as per the Canada Citizenship and Immigration requirement. Hamilton Health Sciences is strongly committed to employment equity within their community, and to recruiting a diverse faculty and staff.

Consideration of candidates will begin in December of 2011, and conclude as early as possible, with the successful candidate taking office as soon thereafter as feasible. Interested individuals should provide a letter of interest and curriculum vitae in confidence, to the address below.
